

# Forum On Ending Hate Crime

No one should be targeted or harmed because of a belief or perception about their race, color, national origin, ancestry, gender, religion, religious practice, age, disability, or sexual orientation. That is a hate crime, and as concerned and involved New Yorkers, we are compelled to prevent such crimes.

The Samuel J. Tilden Democratic Club cordially invites you to an anti-hate crime forum **focused on solutions.**

Invited speakers:

National Action Network	Muslim Community Network
